GOAL

My goal is to secure a position where I can leverage and further develop my skills. With growing experience, I am ready to take on more complex challenges and push beyond my current limits. If given the opportunity, I will dedicate my full effort and attention to producing valuable results while continuing to learn and improve.

WORK EXPERIENCE

Upwork Freelancer 2024 - PRESENT
Multimedia Editor

- Multimedia Editor specializing in video editing and graphic design, creating visually compelling and story-driven content. Skilled in delivering seamless video flow, engaging visuals, and high-quality outputs for digital platforms.

Unocart - RecieptJar October 2022 - June 2025
Data Entry Specialist & Admin Support

- Processed high-volume data entries for user redemptions, ensuring accuracy through verification of accounts and receipts.
- Maintained consistent performance while supporting customer service teams with administrative assistance and issue resolution.

ROHM Electronics Philippines, Inc. October 2017 - July 2022
Machine Operator

- Responsible for monitoring, maintaining, and operating machinery. My duties include using precision tools, and inspecting parts, attaining production goals, keeping the workplace clean and safe.

ON Semiconductor Philippines, Inc. February 2017 - August 2017
Material Controller

- Handled the receiving, inspection, storage, and issuance of materials, ensuring accurate data entry, proper documentation, and efficient inventory management.

APC Lending Company Inc. June 2016 - December 2016
Branch Assistant / Marketing Officer

- Handled front desk operations, loan processing, and customer data management while supporting business growth through direct sales, client outreach, and lead generation strategies.
